Headline:	Emery Oleochemicals diiktiraf (Emery Oleochemicals recognised)		
Summary :	Emery Oleochemicals, a joint venture between Sime Darby Plantation Sdn Bhd and PTT Chemical International Private Ltd. and a world leader in natural based chemicals; recently received the 2011 Frost & Sullivan Asia Pacific Green Excellence Award for Product Innovation in Renewable Chemicals. The award reaffirms the strength of Emery Oleochemicals' product platform, characterized by the company's approach to long-term sustainability. This is the first time that this award recognizes organizations, individuals, technologies and solutions that are focused on environmental priorities and long-term sustainability. Besides, it also recognizes the strengthening and success of the company's position among the oleochemicals participants.		

Emery Oleochemicals diiktiraf

KUALA LUMPUR 6 Sept.
- Emery Oleochemicals, syarikat kerjasama Sime Darby Plantation Sdn. Bhd. dan PTT Chemical International Private Ltd. telah menerima Anugerah Kecemerlangan Hijau Frost & Sullivan Asia Pasifik bagi Produk Inovatif dalam kimia diperbaharui.

Anugerah itu mengukuhkan kekuatan asas produk Emery Oleochemicals dalam tempoh jangka panjang.

Ini adalah kali pertama anugerah itu mengiktiraf organisasi, individu, teknologi dan penyelesaian yang menumpukan kepada penjagaan alam sekitar dan kestabilan jangka panjang.

Selain itu, ia juga mengiktiraf pengukuhan kedudukan syarikat dan kejayaan berterusan di kalangan para peserta oleokimia.
